MASDANZA
HOW TO USE LOGO

Use the orange or white versions depending on the tone of the background, as appropriate, depending on the composition.

The use of the shaded or flat versions is up to the designer, as appropriate, depending on the composition.

MASDANZA logo over dark background

MASDANZA logo over light background

When the text on the lower area is not readable, use the version without the text.

MASDANZA logo over dark background, when lower text is not readable.

MASDANZA logo over light background, when lower text is not readable.

Use these versions only. No variations allowed.

An EPS file is attached for the treatment of the logo through professional editing software.
