In order to ensure that all members of the Jury are involved in what is said in the room during the deliberation, the following guidelines will be followed:

1. Out of respect for the artists' work, each of the pieces presented must be talked about every night. The evaluations of their creations will be discussed.
2. The following assessment criteria will be applied to the solo and to the coreographic pieces taking part: **Originality, inventive capacity, innovation and risk in the design, realisation of the ideas, use of the dance language and the stage and its elements as well as the use of the music.**
3. The President of the Jury will establish the speaking turns for each deliberation.
4. It is requested that each intervention of the members of the Jury be followed by pauses, every two or three sentences, so that no one loses the thread of the discussion.
5. It is very important that during their interventions the members of the Jury are clear, concrete and precise. In this way the message will be more fluent and clearer for all the other members.

NOTE: The dinner each evening will take place during the deliberation with a catered meal.

Thank you.
